Welcome to the Gold Coast

As Mayor of the Gold Coast I am honoured to introduce you to our great city.

As a centre for sporting excellence, we have a proud sporting tradition and a strong have-a-go spirit.

In the lead-up to the Gold Coast 2018 Commonwealth Games we are embracing change and dreaming big. More than $200 million in new and upgraded sporting facilities will be built in preparation for the event.

The Gold Coast is already a training destination of choice for international sporting teams. Our world class facilities, expert sport science capabilities and sport-friendly accommodation options make training in our city cost-effective and enjoyable.

In recognition of the importance we place on being an international sport city, the City of Gold Coast has a dedicated team to assist you to bring your next training camp or event in the city.

I invite you to consider the Gold Coast as training centre for your high-performance sporting program or location for your next event.

MAYOR TOM TATE
The international spotlight will be on the Gold Coast in 2018, when the city hosts one of the largest multi-sport events in the world – the Gold Coast 2018 Commonwealth Games (GC2018).

As host city for the Commonwealth Games, the Gold Coast is embracing transformative civic projects like never before, with more than $13.5 billion in major infrastructure projects planned or underway that will change the face of our city in a way that is distinctly our own. This includes approximately $200 million in new world class sporting infrastructure to be constructed in readiness for GC2018, building on the city’s existing high performance sporting facilities.

With a robust economy valued at more than $30 billion, and an ambitious strategy that encourages innovation and sustainable growth, the Gold Coast continues to remain at the forefront of the sports industry. The city is a hub for cutting edge sports businesses; from manufacturers of high-performance sporting apparel and equipment to experts in sports coaching and management and internationally recognised architects who are designing facilities around the world.

As a city that encourages forward-thinking, the Gold Coast is leading the way in sports science. Our three universities – Bond, Griffith and Southern Cross – are at the forefront of sports research, with Australia’s largest sports science research project, new university health facilities and Australia’s first Doctor of Physiotherapy program.

The City of Gold Coast has a significant sport attraction program to assist you with all of your sport related needs. Contact our experienced team to find out how we can assist you every step of the way.

AUSTRALIA’S BEST TRAINING ENVIRONMENT

With an enviable natural environment, the Gold Coast is widely acknowledged as one of the best sports training locations in the world.

Sporting teams can make use of 52 kilometres of sandy beaches, 200 kilometres of navigable waterways, a 36 kilometre network of coastal pathways, more than 2600 parks covering 21,000 hectares and world heritage-listed rainforests.

The Gold Coast enjoys a sub-tropical climate. The region receives an average of 10 hours of sunshine a day for close to 300 days per year; with an average summer temperature measuring 19 – 29 degrees (70% humidity) and an average winter temperature measuring 9 – 21 degrees (56% humidity).
My career highlights include winning a gold medal at the World Youth Games in 2003, a silver medal at the 2008 Beijing Olympics, becoming world champion (100m hurdles) at the 2011 World Athletics Championships in South Korea and achieving the ultimate goal of winning a gold medal at the London Olympic Games in 2012.

I attribute part of my success to the training and coaching I have received on the Gold Coast. The warm climate, the beaches and hundreds of parks, as well as top-quality local sports facilities, provide a perfect training environment.

As a Gold Coast athlete competing internationally, I am thrilled about the Gold Coast 2018 Commonwealth Games and believe they will be a major driver for sports development in the city.

The city offers easy access via Gold Coast and Brisbane international airports.

We are a world famous holiday destination, with a variety of available sports specific accommodation venues and plenty of activities to add to training camp programs.

I think the Gold Coast is the perfect choice for high performance sports training camps – but don’t just take my word for it, come and see for yourself.

SALLY PEARSON
OLYMPIC GOLD MEDALLIST 2012
The Gold Coast has an ambitious event acquisition strategy and has invested significantly to grow its existing event portfolio.

Each year the Gold Coast plays host to local, national and international sporting events including Australian PGA Championships, Gold Coast Marathon, Magic Millions Horseracing, Quiksilver and Roxy Pro, Pan Pacific Masters Games, Gold Coast 600 V8 Supercars and Gold Coast Triathlon.

With a strong local sporting community the Gold Coast is home to national sporting teams – the Gold Coast Titans (National Rugby League) and Gold Coast Suns (Australian Football League).

The Gold Coast is also home to a range of peak sporting bodies including Association of Surfing Professionals, V8 Supercars Australia, Australian Institute of Sport (sprint canoe, triathlon and BMX), Baseball Australia, Triathlon Australia and Mountain Bike Australia.

Recent investment into new and redeveloped sporting infrastructure continues to improve the city’s ability to attract and host international sporting events.
2018 COMMONWEALTH GAMES HOST CITY

The international spotlight will be on the Gold Coast in 2018, when the city hosts one of the largest multi-sport events in the world – the Commonwealth Games.

6,500 athletes and team officials from 71 Commonwealth nations and territories will participate in 11 days of competition, with the event broadcast to almost one third of the world’s population.

The Gold Coast Aquatic Centre – Australia’s newest international-standard centre – made its international debut as the venue for the 2014 Pan Pacific Swimming Championships. This major event saw two world records broken, reinforcing the aquatic centre’s reputation as the perfect venue for world champions to compete at their best.

The recently completed centre includes a new 50 metre competition pool, 50 metre training pool, dive platform and pool, indoor learn-to-swim centre, conference facilities, gymnasium and café.

Work is about to commence on the $100 million redevelopment of Carrara Sports Precinct. This internationally significant sports precinct, which incorporates the 25,000 seat Carrara Stadium (upgraded to 40,000 for the Commonwealth Games), and the world class new Carrara Sports and Leisure Centre, will host the Commonwealth Games opening and closing ceremonies, athletics, badminton, wrestling and weightlifting competition.

Carrara Sports Precinct is also home to one of the city’s two national sporting franchises, the Gold Coast Suns AFL team, and is an ideal major event and high-performance training location.

The Gold Coast is already a training destination of choice for international sporting teams and new infrastructure for the Commonwealth Games will ensure the city has the facilities to meet any requirement.
GOLD COAST 2018 COMMONWEALTH GAMES
COMPETITION VENUES

Here are just a few of the competition venues available post GC2018.

Commonwealth Games Village
This 29 hectare site includes 1200 apartments and townhouses across 30 buildings, including a central park and boulevard.

Broadbeach Bowls Club
Four international standard bowls green and refurbished clubhouse facilities make this venue one of Australia’s premier lawn bowls venues.

Gold Coast Aquatic Centre
The Gold Coast Aquatic Centre is an outdoor venue featuring a new 50 metre competition pool, refurbished 25 metre pool, 50 metre pool, dive pool and new dry dive facilities.

Gold Coast Sports Precinct
Redevelopment of the precinct included Gold Coast Sports and Leisure Centre, Carrara Stadium and the Southern Precinct with community sporting fields.

Nerang Mountain Bike Trails
Upgrades include a new international competition and standard mountain bike trail and further upgrades at the Gold Coast Cycle Centre.

Coomera Indoor Sports Centre
A brand new facility, Coomera Indoor Sports Centre is the centrepiece for the transformation of Coomera Sports Park into a significant elite and community sports precinct.

Gold Coast Hockey Centre
The centre has been upgraded, providing two all-weather, synthetic pitches and seating for 5000 spectators.

Broadwater Parklands
The Broadwater Parklands has undergone significant upgrades in recent year making it the Gold Coast’s premier foreshore park.
"The warm weather, beaches and parks, as well as top quality training facilities, provide real advantages for athletes looking to experience a world class event, or take in some off-season training in the perfect environment."

Cameron Hart, Chief Executive Officer
Events Management Queensland
Gold Coast Marathon
WORLD CLASS SPORTING FACILITIES

Sporting teams from across the globe come to the Gold Coast to train and compete at our world class facilities.

The Gold Coast boasts two multi-purpose stadiums – Metricon Stadium and Cbus Super Stadium – Olympic-standard swimming pools and athletic tracks and sport-specific venues including hockey grounds, tennis centres, gymnasiums, sailing facilities and beach volleyball.

Our premier venues have been designed with team experience in mind. Many of our facilities offer grandstand seating, good sight lines, unique corporate facilities and well-equipped change rooms with the majority including amenities for the disabled.

The Gold Coast also offers incredible cross-training options including our beautiful beaches, crystal-clear waterways, pathways stretching along the coastline and sporting fields. The hinterland provides a diverse range of rainforest tracks with varying inclines.

The Gold Coast’s strategic geography means that many of our venues and support services are within a 20 kilometre radius, enabling teams to spend less time travelling.
Gold Coast Sports Precinct
(Carrara Stadium)

Carrara Sports Precinct will undergo a $100 million redevelopment for the Commonwealth Games that will transform it into an internationally significant elite and high performance sports precinct. Redevelopment will include refurbishment of the existing indoor centre as well as construction of the new world class Carrara Sports and Leisure Centre.

The Gold Coast Sports and Leisure Centre is a new multi-purpose facility with a show court (up to 5000 seats) and up to 15 indoor courts already successfully being used for major weekly community sports such as basketball, netball, futsal and volleyball. This precinct also caters for outdoor sports, with community and elite football fields.

Metricon Stadium is a $144 million facility, with regular capacity of 27,500 (upgraded to 40,000 for the Commonwealth Games) and is home to the city’s Australian Football League (AFL) team, the Gold Coast Suns. The stadium features an oval shaped playing surface that has previously hosted sporting events, concerts, music festivals and corporate events. In the future the stadium is designed to accommodate ICC cricket matches, soccer matches and athletics events.

The facility has been tried and tested by:

- Gold Coast Suns (AFL)
- Australian men’s and women’s football teams
- Australian Men’s Basketball Team (Boomers)

major music festivals and concerts.

Outdoors
- 2 snack bars
- bar
- specialty rooms: physio/drug testing/first aid
- 4 official change rooms
- 8 team change rooms
- courtside cafe and bar
- ticket office/despatch room.

Easy accessibility
- easily reached location
- 50 minutes from Brisbane Airport
- 30 minutes from Gold Coast Airport
- 15 minutes from Broadbeach
- 4 minutes from M1
- adjacent to Nerang train station, 3 minutes by shuttle or 15 minute walk
- extensive parking facilities (400 undercover and 1100 external spaces).

Metronic Stadium
- grandstand seating for 25,000 people
- unique corporate facility including corporate suites and function rooms.

FACILITIES

The Gold Coast Sports Precinct consists of:

**Hall 1:** Seven modern and flexible sports courts which can be transformed into a large show arena with grandstand seating for up to 5000 people. Effortlessly morphs from large scale elite sporting event to crowdpleasing corporate venue, perfect for a multitude of special events.

- 5980 square metres of flexible space
- 5000 person high grandstand seating
- state-of-the-art sprung floors
- timber floor space: 92 metres x 65 metres
- ceiling height: 14 metres
- fully air-conditioned
- international digital broadcast lighting
- LED production screen
- loading dock access
- broadcast compound
- commentary booth
- public address system
- 6 multi-sports courts
- 1 show court.

**Hall 2:** Incorporates a large light-filled space which includes eight sports courts with 350 spectators seating available upstairs.

- 6006 square metres
- 350 spectator tiered seats
- state-of-the-art sprung floors
- timber floor space 91 metres x 66 metres
- ceiling height: 14 metres
- court controllers room
- 8 multi-sport courts.

Outside
- 2 snack bars
- bar
- specialty rooms: physio/drug testing/first aid
- 4 official change rooms
- 8 team change rooms
- courtside cafe and bar
- ticket office/despatch room.

Easy accessibility
- easily reached location
- 50 minutes from Brisbane Airport
- 30 minutes from Gold Coast Airport
- 15 minutes from Broadbeach
- 4 minutes from M1
- adjacent to Nerang train station, 3 minutes by shuttle or 15 minute walk
- extensive parking facilities (400 undercover and 1100 external spaces).

Metronic Stadium
- grandstand seating for 25,000 people
- unique corporate facility including corporate suites and function rooms.

The Sports Super Centre is an official training venue for the Gold Coast 2018 Commonwealth Games. As a multi-purpose sports centre for health and fitness excellence, this caters for all sports in one location. The centre features a range of world-class sporting facilities, including a synthetic competition hockey pitch, a 50m international standard swimming pool, athletics stadium, a 600 square metre open-air gym and more.

The Sports Super Centre opened in September 2000 as an elite training base for international athletes competing at the Sydney Olympic Games, including Canada and Moroccan Athletics teams. Over more than a decade, the centre has played host to many elite sporting teams from Australia and around the world who have visited the sunny Gold Coast to ‘train, play and stay’.

Owned and operated by the Queensland Government’s Department of Education and Training (DET), the centre is located on almost 20 acres at the northern Gold Coast’s Runaway Bay. The Sports Super Centre is located only a short drive from the Gold Coast’s busy tourism mecca Surfers Paradise, and the thriving central business districts of Southport and Broadbeach.

The facility has been tried and tested by:
- athletes training at the Sports Super Centre prior to the 2000 Olympics produced 31 medals, including England, Germany, USA, Norway, the Bahamas, Barbados, Estonia, Romania, Poland, Switzerland, Kazakhstan, Morocco and Ireland
- during the Rugby World Cup in 2006, the centre hosted Samoa, New Zealand, England, South Africa, Ireland and Tonga, along with the Australian Wallabies for triathlon, national teams from Italy, Brazil, Poland, USA, Portugal, England and Germany
- many Australian and international rugby league, rugby union and AFL teams
- paralympian’s have regularly prepared for international events at the Sports Super Centre
- the English Women’s netball team trained and stayed at the Sports Super Centre ahead of the 2015 Netball World Cup
- New Zealand para-athletics and Australian athletics teams for pre-Rio 2000 Olympic Games camp
- Australian women’s soccer team, the Matildas
- the Japanese, Brazilian and New Zealand swimming teams preparing for Pan Pacific Games in 2014

FACILITIES
- synthetic competition hockey pitch
- 50 metre international standard swimming pool
- international standard athletics track
- 600 square metre open-air gym

Gold Coast Athletics Centre

Gold Coast Athletics Centre regularly hosts national, state and regional athletics events. The modern facility is located adjacent to Griffith University.

The facility has been tried and tested by:

- Training ground of Gold Coast Olympic Gold Medallist Sally Pearson
- Athletics teams from Denmark, Sweden, Great Britain, New Zealand and Papua New Guinea
- Teams competing in the Pan Pacific Masters Games
- 2008 Under 20 Athletics Championship teams

Southport Yacht Club

Established in 1946, Southport Yacht Club’s purpose is to provide excellent facilities for those interested in boating. Southport Yacht Club Marina awarded 4.5 in the International Gold Anchor accreditation.

Enjoy the exceptional and exclusive waterfront dining; the Hollywell Sailing Squadron is home base for dinghies, off-the-beach catamarans, trailable yachts, Etchells and Sailing Academy.

In addition to our regular club racing, Southport Yacht Club hosts a range of state and national events throughout the year. Our private retreat Dux, located on South Stradbroke Island is a very popular weekend destination.

Accreditations:

- 4.5 Gold Anchor
- Fish Friendly Accreditation
- Discover Sailing Centre

Awards:

- 2012 – Clubs Queensland Best Large Dining
- 2014 – Marine Queensland Best Marina Dining
- 2016 – Clubs Queensland Best New Innovation Waterscape Pontoon Bar and Gym
- 2016 – Clubs Queensland Young Manager Award Bronwen Hemmings.
Nerang Mountain Bike Trails
Gold Coast 2018 Commonwealth Games venue

There are ten mountain bike trails located at the Nerang National Park, including Casuarina Grove circuit (2.7km circuit) and three hills track (2km one way).

The Nerang Mountain Bike Trails will host the Gold Coast 2018 Commonwealth Games Mountain Bike competition. The trails utilise the facilities within the Gold Coast Cycling Centre and venture into the Nerang National Park. Riders are able to experience the Gold Coast 2018 Commonwealth Games mountain bike race route and also utilise the extensive selection of existing trails within the park.

For downhill mountain bike facilities, the Gold Coast’s Boomerang Farm located at Mudgeeraba has 10 trails.

facilities
• velodrome
• off-road criterium circuit
• clubhouse and grandstand
• change rooms

This facility has been tried and tested by:
Regularly hosts national, state and regional level cycling events.
Preferred training site for numerous countries prior to the 2000 Olympics.

Broadbeach Bowls Club
Gold Coast 2018 Commonwealth Games venue

The Broadbeach Bowls Club, located at Nikiforides Family Park, Broadbeach, has been upgraded for the Gold Coast 2018 Commonwealth Games, providing four international standard bowls greens and updated clubhouse facilities. The redevelopment has established the centre as Australia’s premier lawn bowls venue, providing a valuable, world class competition and training venue for current and future athletes and the Gold Coast community.

facilities
• four international standard lawn bowls pitches with floodlighting
• international standard clubhouse and amenities

This facility will also host the Australian Open, the southern hemisphere’s largest lawn bowls event for 2019.

Bond University

Bond University has been listed in the prestigious global top 20 universities in the Times Higher Education (THE) Rankings of the Best Small Universities in the world. This is due to its personalised teaching philosophy and outstanding student experience which translates to extraordinary student satisfaction ratings.

Bond University has a proud history of sporting tradition. Supporting students in their endeavours to play, compete and represent at all levels. At Bond University, sport is part of DNA, just as it is for all Australians. Bond University sees sport and education entwined: investing in potential, encouraging participation and rewarding performance.

Bond University’s degrees open up a wealth of exciting career opportunities in sport. The sports management students gain valuable practical experience and mentoring from leading experts in the global sporting industry. Graduates have established careers in a range of settings within the multi-faceted sport industry both nationally and internationally.

Exercise and sports science, physiotherapy and nutrition students enjoy extensive access to state-of-the-art laboratories with the latest technologies. Industry relevant practical experience in the classroom is complemented by ample placement opportunities in a variety of sport, exercise and healthcare environments.

The Collaborative Research Network for Advancing Exercise and Sports Science is a premier research program lead by Bond University. It brings together partners from prestigious research and sport science institutions including the University of Sydney, the University of Queensland and the Australian Institute of Sport. The total value of the project exceeds $14 million with the aim of producing a world-class program of research in sports, exercise and health science.

Bond University runs a number of programs that aim to assist student athletes including scholarship and the Elite Sport Program. This provides students with guidelines for flexible study loads and requirements. The intensive three-semester year that Bond University offers can create an added strain on students trying to balance sport and academia and Bond University work closely with students to offer flexible study options where required.

A WORLD BEYOND TRAINING

The Gold Coast offers an enviable lifestyle. It is a place of energy, excitement, culture and entertainment. The city is a natural playground of beaches, waterways and bushland bordered by a beautiful coastline and mountainous hinterland.

Known world-wide for its 52 kilometres of spectacular surf beaches, Gold Coast is also a smart, creative city offering a variety of shopping, theatres, galleries, a casino, theme parks, exciting nightlife, restaurants and cafes.

The hinterland, which provides a backdrop to the city, boasts picturesque villages, historic buildings, wineries, craft galleries and walking trails.

We also have an exciting calendar of events and cultural attractions, making it the perfect destination to explore outside of your training schedule.

For more information on attractions and entertainment on the Gold Coast, go to destinationgoldcoast.com.au
Gold Coast Airport

Gold Coast Airport is one of the fastest growing airports in the country and offers direct domestic and international services.

The airport services more than 6.5 million passengers per year and over 350 flights per week. Gold Coast Airport welcomes direct flights from all major Australian cities, including over 25 services a day from Sydney and over 15 a day from Melbourne.

Direct flights are available from four New Zealand ports including Auckland, Christchurch, Wellington and Queenstown, with connections available from Auckland to West Coast USA and Canada.

Regular international air services are available from key Asian ports, including Kuala Lumpur, Singapore and Tokyo, offering long haul connections to Middle East, Europe and UK.
