WELCOME TO THE GOLD COAST

Now Australia’s sixth-largest city, Gold Coast thrives on a very diversified economy of which the food sector is a vital ingredient.

More than half a million people call this home while more than 13 million visitors drop by each year. And everyone eats!

We have cultivated a remarkable entrepreneurial culture in which food production, distribution and service feature strongly.

One billion people around the world will watch as we host the Gold Coast 2018 Commonwealth Games™ and we intend to offer them a smorgasbord of delights.

I encourage you to find out more about our city. The information we’ve provided here is just the beginning of the Gold Coast food story.

As Mayor, I invite you to become part of our food future and make the most of mouth-watering opportunities.

MAYOR TOM TATE
CITY OF GOLD COAST
The Gold Coast is a city coming of age. It is a place of opportunity that, over the next decade, will transform into a globally-recognised city while retaining its enviable lifestyle and stunning natural environment.

Strategically located on the edge of the Asia-Pacific rim, with access to two international airports, the Gold Coast is perfectly positioned as a destination for business, investment, study, sport, events, tourism and lifestyle.

The Gold Coast stretches along 57 kilometres of coastline and is home to over half a million people. Beyond the city’s beautiful beaches are vast, sub-tropical rainforests with breathtaking scenery.

The city enjoys a five-year average annual growth rate of 2 per cent and has access to an economic catchment of over 3.6 million people.

Welcoming more than 13 million visitors each year, the Gold Coast is Australia’s premier tourist destination, offering a vibrant mix of shopping, accommodation, theme parks, restaurants, entertainment and an abundance of natural attractions.

With a robust economy valued at more than $25 billion, and an ambitious strategy that encourages innovation and sustainable growth, the Gold Coast’s future is full of promise.

Ours is an economy of opportunity that has grown from its basis in tourism and construction to a diverse, knowledge-based economic environment.
Food industry

The Gold Coast’s thriving food and restaurant scene is a key part of the region’s appeal to residents and visitors.

This culinary scene is set apart by internationally acclaimed chefs and, equally important, local food and beverage producers that deliver fresh, high-quality ingredients.

Australia and Queensland leads the world in high quality produce and processes that are clean, green, reliable and secure. Our food and beverage manufacturing industry continues to grow steadily with increases in employment and value of the industry to our local economy.

An area of specialisation is functional foods for sport, health and wellness, with companies such as Morlife and Our Organics building a local presence. This is consistent with our city’s positive attitude towards health and wellbeing and strong demand for such products.

We also have strong beer manufacturing capabilities with the Carlton United Brewery located to the north of the Gold Coast and craft breweries, Burleigh Brewing Co., Black Hops and Balter breweries located towards the south.

As our reputation grows as a quality food and beverage producer, our manufacturers are exporting internationally and have positioned themselves to manage future demand from key markets – including Asia.
This guide will assist you to access locally produced food and beverage products, with these businesses producing just a taste of what is available within the city.
Frosty Boy Australia

Frosty Boy Australia is an internationally acclaimed manufacturer and distributor of a range of powdered dessert bases, including soft serve, frozen yoghurt and beverages.

Since it was founded in 1976, Frosty Boy has established itself as a leader in the food and beverage market, exporting to over 50 countries across the world.

Their highly qualified research and development team can help develop a unique formulation to assist clients with products that are on trend and match local taste profiles.

Frosty Boy Australia’s state-of-the-art production facility ensures they can offer private label manufacturing and a customised range of services.

Products and services:
- award winning vanilla soft serve and frozen yoghurt bases
- beverage powders, including velvet dairy frappe and creative yoghurt smoothie bases, exquisite white chocolate, aromatic spiced chai latte and more
- toppings and syrups
- customised products – for clients to create their own formulation.

Accreditations:
- Safe Food Queensland (SFQ)
- Halal
- AQIS
- HACCP.

Norco Foods

Norco is a 100 per cent Australian, farmer owned dairy co-operative and has been producing quality dairy products since 1895. The Norco brand has been built on their commitment to quality of their products, development and sustainability of their farmers and members, and the satisfaction which the combination of these two elements brings to their customers.

The Norco name derives from, and is synonymous with, the far north coast of New South Wales, where the North Coast Fresh Food and Cold Storage Co-operative began operations at Byron Bay in 1895. They’ve come a long way since then and today, their wide range of quality products includes full cream, modified, flavoured and organic milk, creams, butter, cheese and custard.

Today, Norco is proud to have over 330 active members on 218 dairy farms which supply quality milk to their co-operative 365 days a year. These dedicated farmers located throughout New South Wales and Queensland are passionate about giving you and your family the very best tasting dairy products available. So from their farms to your fridge, Norco takes the very best care to ensure their products live up to the great quality you’ve come to expect.

Products and services:
- fresh milk products
- flavoured milk products
- butter products
- cheese products
- yoghurt products
- ice cream products.

Awards:
- Canstar Blue - Most Satisfied Customers Fresh Milk 2017
- 2017 Australian Grand Dairy Awards Champion Flavoured Dairy Drink - REAL Iced Chocolate Ultimate
- 2017 DIAA Australian Gold Medal - REAL Iced Chocolate Ultimate
- 2017 DIAA Australian Gold Medal - Norco Skim Milk
- 2017 DIAA Australian Gold Medal - Norco 2% Milk.

BNY Trading Pty Ltd (Abalone World Holding Pty Ltd)

BNY Trading Pty Ltd was established on the Gold Coast, Queensland in 1999. The processing plant has been designed using the most up-to-date cleaning, cooking and canning machinery available and has been certified as an approved Australian Quarantine premises for the processing of Fresh Abalone – Approval Number EX6938 with rating A, being the highest rating awarded by AQIS Australia.

The company is 100 per cent Australian owned, started on the grounds of establishing a high quality and modern Abalone processing plant catering to the needs of both the domestic and overseas markets.

The business sources abalone from primarily Tasmania and Victoria, as well as South and Western Australian suppliers and transforms the products into either canned or dried abalone.

Fresh-caught abalone is received at their purpose-built site at Arundel, Queensland, on the Gold Coast where it is cleaned, sorted and either canned or dried.

The premises, machinery and staffs of BNY Trading undergo regular audits by the Australian Quarantine and Inspection Service; Safe Food Australia to ensure the highest standards for processing of foods is being maintained.

They are the only processor in Australia that is approved by the Chinese Government to export directly to China – without using any preservatives.

Products and services:

• canned cooked Abalone meat – export approved
• canned cooked Abalone in braised sauce – export approved
• vacuum packed Abalone meat – export approved
• dried Abalone – export approved
• dry Abalone sauce – export approval pending

Accreditations:

• AQIS rating A

Belgian Delights

The Verstreken family emigrated from Belgium to Australia in 1987 and opened a specialty chocolate and pastry shop, where they sold their goods to local retail and wholesale clients.

In 1996 they started conching their own couverture chocolate, using traditional equipment sourced from Europe. The variety of lines available, ranging from personalised, individually wrapped chocolates, through to boxes of decadent assorted truffles, proved popular with many local and interstate wholesale customers.

As business grew, the family had a chocolate factory custom designed and built in Molendinar in 2000, to fulfill the growing needs of their business and clientele base.

By the late 2000s the chocolate factory became HACCP certified and upgraded equipment for faster production and wrapping times, surpassing many other Australian specialty chocolate manufacturers with the innovative equipment installed.

The chocolate business continues to grow, staying true to the Verstreken family’s traditional Belgian chocolate making heritage.

Products and services:
- bulk couverture chocolate
- small wrapped squares (6g)
- wrapped chocolate bars (100g)
- contract manufacturing
- personalised wrapped squares (6g)
- personalised wrapped bars (100g)
- bulk chocolate novelties
- bulk premium chocolates
- chocolate gift boxes.

Retail Food Group

Retail Food Group (RFG) is a global food and beverage company, with a network of more than 2,550 outlets across 12 Brand Systems spanning 79 licensed international territories.

From humble beginnings in 1989 as the owner and manager of around 50 Donut King and bb’s Café stores, RFG is now Australia’s largest multi-brand retail food franchise owner, developer and manager.

The Company is also a global coffee specialist with an integrated approach to sourcing, roasting and distributing high-quality coffee. Combining passion with expertise, RFG creates an unforgettable experience, from crop to cup, through its suite of coffee brands, including Di Bella Coffee, Roasting Australia and Evolution Coffee Roasters.

As well, RFG is an emerging leader in the foodservice, dairy processing and wholesale bakery sectors with its recent acquisition of Hudson Pacific Corporation and Australian Foodservice, which facilitated the Company’s formal entry and position in the procurement, warehousing, distribution and food processing and manufacturing segments, transforming the business into a full service food and beverage company.

Products and services:

- Donut King
- Brumby’s Bakery
- Michel’s Patisserie
- bb’s Café
- Esquires
- Gloria Jean’s Coffees
- It’s A Grind
- The Coffee Guy
- Cafe2U
- Pizza Capers Gourmet Kitchen
- Crust Gourmet Pizza Bar
- Di Bella Coffee
- Roasting Australia
- Evolution Coffee Roasters
- Hudson Pacific Corporation
- Dairy Country
- Bakery Fresh
- Australian Foodservice.

San Diego Tortilla Factory Pty Ltd

San Diego Tortilla Factory also known as “Diego’s Authentic Foods” is located in beautiful Burleigh Heads, Queensland.

Diego’s Authentic Foods produce authentic corn and flour flat breads, condiments and meal kits under their Raj’s, GoWELL and GoMEX range. In addition, they are importing a carefully selected range of Mexican/American food products.

Diego’s encourage consumers to embrace a Healthy and Authentic Lifestyle with exciting recipes and active healthy lifestyle imagery using their range of products. Their ongoing research and development has resulted in product innovations targeting the growing market of the health conscious, those with special dietary preferences and requirements due to food allergies.

Their manufacturing processes allow them to offer products which are free from artificial colours and flavours. They cater for those looking for products which are lower in carbohydrates, free from nuts, dairy, egg and from genetically modified ingredients. In addition, Diego’s offers products low in salt, sugar and saturated fats.

A number of products such as their GoMEX Corn Tortillas and GoWELL Lower Carb, Classic and Gluten Free Wrap range are registered with the health star rating system that has been introduced by the Australian Government in 2014 to promote healthy eating.

The GoMEX range and The GoWELL Gluten Free Wrap are endorsed by Coeliac Society of Australia; the labels of these particular products display the internationally recognised “crossgrain” logo of the Society used to establish consumer confidence in our products.

Products and services:

- flat breads
- meal kits
- corn and flour tortilla’s
- wraps
- condiments
- retail
- co-packaging/private label
- food service
- export.

Accreditations:

- Safe Quality Food Code 7.2 Level 3.

Balter Brewing Company

Balter Brewing Company thinks good beer shares a lot of qualities with a good host - they are both approachable, thoughtful, and value character over currency. Above all, both help bring a wide range of people together to get them smiling.

Balter Brewing Company's approach to making beer is built on this notion. They want everybody to experience the delight of bonding over a tasty brew, whether that’s hop-driven wonders or malt-driven deliciousness. This means using the best ingredients they can get their hands on, taking advantage of the best technology they can afford, and using techniques that are geared towards taste rather than brewing speed. It also means creating a vast range of flavours that can reach a broad set of palates.

Since starting in March 2016, their beer has won a bunch of awards. Most notably they took out Best International Pale Ale at the AIBA Awards in 2017, Champion Medium Size Brewery and Best Newcomer (rookie of the year).

While it feels nice to be winning the approval of beer judges, they value the word of mouth from one friend to another more than anything else. Balter Brewing believe if somebody loves what they do so much they feel it’s important enough to share with their mates, well, that’s the greatest accolade they could achieve.

Products and services:
- brewery producing beer.

Awards:
- AIBA Best International Pale Ale 2017
- AIBA Best Newcomer
- AIBA Champion Medium Size Brewery.

**Burleigh Brewing Co**

Our love for the craft is translated through each of the flavours we create and the variety in our line-up speaks volumes about our past experience and future brewing goals – even though our existing beers are world class, we know that our greatest beer is one we haven’t brewed yet...

All brewing and packaging happens at our coastal home in Burleigh Heads - the laid-back beach town is the perfect backdrop for our unrushed, all natural approach to brewing.

Our Taphouse is open to the world, proudly showcasing our Brewery with some great musical and culinary talent. It’s become the hub from which we cultivate an environment that fosters creativity and brings people together to celebrate it.

Products and services:
- traditionally brewed, all natural beers
- broad range of beer styles
- all brewed and packaged in-house
- beers available in bottles and kegs
- brewery taphouse open to the public and for private events.

Awards:
- 43 World Beer Championships medals including 24 Gold.

Nu-Pure Beverages

Nu-Pure Beverages is a personalised family owned and operated company manufacturing 100 per cent Australian made products. Their directors have over 20 years’ experience in the beverage industry providing them with extensive knowledge of consumer insight, manufacturing, sales, distribution and customer service.

Nu-Pure’s spring water is sourced from specially selected pristine Australian springs, pure with a natural balance of minerals the way Mother Nature intended. At Nu-Pure it’s all about healthy, natural hydration. Their vision is simple... to refresh and provide consumers with innovative, premium quality Australian made beverages that look, feel and taste great!

Nu-Pure has focused on Reuse, Reduce, Recycle, and this continues to be at the forefront of their product and package developments and technologies.

Nu-Pure is reusing the plastics from previous bottled that have entered the recycling stream. This assists in closing the recycling loop and further reducing our carbon footprint.

Using latest technology in the production of their water bottles, several benefits include:

- energy usage reduction
- packaging materials reduction
- production facilities recycle
- 100% recyclable waste
- water usage reduction
- where possible they use local raw material suppliers and transport solutions reducing our carbon footprint.

Nu-Pure Beverages will pack containers and export their product anywhere in the world

Products and services:

- sourced from specially selected pristine Australian springs
- bottle is 100% recyclable and compatible with PET plastic recycling programs
- Nu-Pure Beverages will put your label on our product (available for all bottle sizes in the water range)
- Nu-Pure Beverages has associations with specialist label manufacturers to design and produce your label if required
- you have choices in bottles, cap type and colours to customize your water look. Minimum quantities apply for contract filling.

Accreditations:

- HACCP Certified
- ABWI Certified Bottler.

Zarraffa’s Coffee

Zarraffa’s Coffee was founded in 1996 by CEO Kenton Campbell and today the Australian-owned and operated specialty coffee company has 70 plus stores in Queensland, New South Wales and Western Australia.

Headquartered on the Gold Coast, Zarraffa’s Coffee roasts its own beans daily in a $5 million facility, ensuring fresh blends are supplied regularly to each store to deliver on the customer expectation of ‘an individually perfect cup of coffee, every time’.

Business development into better convenience has driven the company to grow its drive-thru operations in recent years. Significant funds and focus has been invested to ensure the delivery of superior products, combined with higher speeds of service that has resulted in both store growth opportunities whilst maintaining customer satisfaction.

Zarraffa’s has a range of delicious food offerings that complements its extensive hot and cold drinks menu. Delicious ciabatta rolls, gourmet foods, yummy desserts and snacks are available to customers via their Brekkie, Lunch and Snack menus - available all day.

Products and services:

- extensive menu of coffee-based and crème based (non-coffee) drinks – hot and cold
- bulk take home coffee range
- Okapi Coffee capsule range
- delicious food menu – tasty and convenient.
